Melt Ice Fast

To prevent slips and falls

MS-IB50

Ice Beeter Responsible Melter

Ice Beeter is formulated with pet friendly ingredients and soil supporting compounds to protect animals and vegetation while melting ice in temperatures as low as -20°F.

MS-40S11

Urea Non-Salt Ice Melt

Urea will melt ice down to 15°F and does not contain chlorides, making it less corrosive for use on concrete containing rebar and around steel structures.

MS-40S1

Safe Step rock Salt

Available by the bag or pallet, Safe Step contains optimally sized rock salt crystals for effective ice and snow melting down to 5°F.

MS-40S04

Calcium Magnesium Acetate (CMA) Ice Melt

CMA ice melt thaws snow and ice down to 15°F and is a chloride free, less corrosive, and environmentally friendly alternative to traditional salt.

Snow Removal Tools

To clear snow and ice easily

We have a variety of snow removal tools in stock. Choose from forged ice scrapers and aluminum and poly scoop style snow shovels.

Snow Removal Tools in Stock!

SE-96838

TRUE TEMPER. STRUCTRON.

Portable Lights

Short winter days won't slow you down

DeWalt's 20V MAX Cordless Tripod Light provides up to 3,000 lumens and has a maximum run time of over 11 hours. Plus, it's lightweight at only 16 lb!

DEWALT

Lightweight Only 16 lb!

BD-DCL079R1

Chapin 82108B 100 lb Snow Spreader

Handle 100 lb of salt and ice melt with ease thanks to 14" pneumatic tires, rugged stainless steel frame, and a spiked auger to help tear through clumps.

Just \$325!

ARCTIC SECTIONAL SNOW PUSHERS

MULTIPLE SIZES AVAILABLE

THE ONLY PUSH YOU'LL EVER NEED TO GET AHEAD.

In a highly competitive industry with more and more challenges, it's essential to be at the top of your game. Thanks to its ingenious design, the Sectional Sno-Pusher™ from Arctic gives you, the contractor, the edge you need to complete jobs faster, cleaner, and with lower operating costs.

KEY FEATURES

- Patented Sectional Moldboard Design**
 Let the plow contour to the grade of any surface for cleaner passes.
- Spring-Loaded Trip Edges**
 Each individual moldboard section independently trips over unseen obstacles beneath the snow.
- Patented Slip-Hitch Universal Coupler System**
 With the patented floating Slip-Hitch design, just drop the pusher and go! It will automatically adjust and then continuously readjust to the pavement height, ensuring premium traction, reduced drag and optimum pushing power.
- Mechanical Side Panels**
 The patented design of the Sectional Sno-Pusher features mechanical side panels that lift up to 9 inches high to glide over and around obstacles, providing 75% higher clearance height than competitive models.
- Ar-400 Steel Cutting Edges**
 Arctic's AR-400 hardened steel cutting edges scrape compacted snow and ice down to pavement, eliminating follow-up plowing and reducing your salt usage.
- Ar-400 Hardened Steel Shoes**
 Lay flat on the surface to prevent premature wear.
- Polyurethane Mounting Blocks**
 Durable, specially-engineered polyurethane mounting blocks secure each moldboard section to the pusher's mainframe, absorbing impact to protect the pusher, carrier and operator.

\$500 INSTANT REBATE!!

Customer will receive a \$500 instant rebate on the purchase of every Arctic Sectional Sno-Pusher, given as a line item discount on the customer invoice at the point of sale. Offer applies to eligible products purchased between 8/1/2023 and 12/31/2024 in person at participating CASE dealers.

WE ALSO SELL METAL PLESS SNOW PLOWS

METAL PLESS

MULTIPLE SIZES AVAILABLE

- "LiveEdge" soft drive mechanical steel trip edge heavy duty multi-section 6" x 3/4" x 24"**
- Mobile steel trip edge following the imperfection of roads, exclusive Metal Pless system, reduces up to 50% the use of salt and abrasives**
- Carbide cutting edge on main mouldboard only**
- Bolt-on fixed side wings**
- Wings have self-leveling abrasion shoes**
- Lateral floating of the blade**
- Wear plate welded to the skid shoes**
- Heavy duty braces bolted to the mouldboard and to the side wings**
- Baked powder paint**
- Bucket mount or adaptor plate**
